We are growing! Multiple teaching positions available for 2026.

Join Us in Redefining Education!

Eager to break free from the traditional classroom? Ready to pioneer a new era in education? Come join us at Compass Catholic Community!

Who We Are: At Compass, we're not just an alternative education option; we're a whole new approach for young people aged 17 to 24 looking to re-engage with education, situated in Davoren Park. We believe in breaking free from the mainstream to foster innovation and inspire young people to thrive. Our community is built on faith, love, courage, hope and compassion.

Why Compass?

- **Connect with Purpose:** Experience a 1:12 teacher-student ratio, affording you the time to foster meaningful connections and positively influence the lives of young people aged 17 to 24.

- **Culture that Counts:** Join a team where your ideas matter and your voice is heard. Our culture is vibrant, supportive, and designed to empower both students and staff.
- **Freedom to Innovate:** Embrace a flat structure where you're trusted to lead and create learning opportunities. Work with a committed team to co-create learning opportunities for groups of young people that are activating and engaging.
- **Nurturing Professional Excellence:** We uplift Individual Professional Responsibility to preserve our unique culture, ensuring every decision supports our students' journey towards living a meaningful life.

What We Offer:

- **Expansion and Opportunity:** Get in on the ground floor as we move into our Stage 2 buildings. Your chance to shape the future of Compass!
- **Inclusive Environment:** A place where diversity thrives, and everyone's perspective matters.
- **Work-Life Balance:** Enjoy a supportive work environment that values your wellbeing as much as your professional growth.

Who We're Looking For: Passionate and experienced educators who are ready to challenge the status quo, innovate fearlessly, and make a real difference in students' lives.

Apply Now! - How to Apply
